JACOB GAPSCH & the Night Shift**

Jacob is a United States Military Veteran, a Country singer/songwriter and a friend to many here in Vienna where he spent part of his youth. Jacob is a self-taught musician who has been influenced by the Country music styles of musicians like Eric Church. We are proud to have Jacob back in what WE consider his hometown!

THE COMANCHEROS**

The Comancheros grew up playing rock and heavy metal. Then, they fell in love with Willie Nelson. This tension has created music that is as down to earth as it is grungy. However, the music isn't all metallic fury. There is a softer side to the band,

Cash, Michael Supe Granda, John Dillon, Buddy Brayfield, and Randle Chowning. Their first self-titled, critically acclaimed album, was under the A&M Record label in 1973 and ranked in the 100 Top Pop Album Artists that year. This collection of original songs firmly established the Daredevils as one of the most iconic bands of the 1970's musical era. John Dillon and Steve Cash (1946-2019), soon wrote "If You Wanna Get To Heaven." Life brings change and today "Supe" Granda and John Dillon keep the spirit and music alive with different talented artists but the same renowned style and signature sound. Their rich history continues with their tenth newly released album entitled "Heaven 20/20."

The Ozark Mountain Daredevils have always been indefinable in terms of music genre, producing sounds of country-rock and electric bluegrass all on the same record; writing lyrics both whimsical and poetic, singing harmonies that would send shivers up your spine.

The Daredevils' formal beginning as a band was in Springfield, Missouri in 1971, and included musicians Larry Lee, Steve

which is showcased in songs such as "I Stare at Trains." It's music for the common man- music for the person that knows that life has its ups and its downs; music for the kind of person that works hard and parties

even harder. More importantly, it's music that comes up from the soil of Missouri and takes the listener on a musical journey from the Ozarks to the Mississippi on a Harley. It's not perfect, but it's incredibly real.
